

Product Data Sheet

Cerious Compound

VOC compliant

Features: New technology that polishes as it cuts. Body shop safe, wax and silicone free.

Benefits: Swirl free high luster finish, ready for final wax or sealant. *Cerious Compound* works as a compound and a polish. No need to switch products.

Uses: Removing swirl marks, sanding scratches, scratches, compounding marks acid rain etch, and light imperfections.

Directions: For use with high-speed buffer at or below 1500 RPM with lambs wool or fine foam pad for polishing, use with clear coat cutting pad for compounding.

Tips: Buff slowly overlapping each pass allowing product and pad to work the paint. Please visit our web site www.automint.com for more uses.

Sizes: VG-305 = 6 pints per case
VG-305G – 4 gallons per case
