

PRODUCT DATA SHEET

Engine Degreaser Concentrate / V-131

VOC compliant

Features: Water based non-flammable concentrated power cleaner.

Benefits: Low cost, powerful and easy to use, mix to match your job!

Uses: Engine Compartments, door jambs, agricultural and landscaping equipment.

Directions: Mix according to your needs, 10:1 for moderate cleaning, 5:1 for heavy duty degreasing. Apply with sprayer, about 1 quart for an engine compartment including underside of hood, firewall, etc. Allow product to dwell for a minimum of 5 minutes, agitate with brush and rinse with high-pressure water.

Tips: Let the product work for you! All cleaners work best when allowed to dwell. **Never** use water pressure above 1,000 psi., **never** turn pressurized water jet toward another person.

Sizes: VG-V131 = 4 gallons per case
VG-V131P = 5 gallon pail
VG-V131D = 55 gallon drum
