

PRODUCT DATA SHEET

Glass Cleaner / Ready-to-use / H-114

VOC compliant

Features: Same as our concentrated glass cleaner in a convenient ready to use formula. Designed specifically to cut through the haze deposited on interior glass by chemicals, tobacco smoke, etc. Won't damage after market window tint films. Contains no ammonia.

Benefits: Saves on labor as *Glass Cleaner* normally cleans in one pass when competitive products may take several attempts before cutting vinyl emissions, tobacco haze and road grime.

Uses: All glass and light cleaning on hard trim, vinyl and non-fabric interior components.

Directions: Spray over entire glass surface, wipe clean with dry towels.

Tips: For spotless, lint free glass use two VG-ST *surgical towels*. Saves time and delivers terrific results!

Sizes: VG-H114 = 12/22 oz. bottles per case
